"Our Conveyancing team were phenomenal in their diligence and hard work in relation to our house purchase/sale. They went from receiving the welcome pack, to the point of exchange, in under three weeks! We would strongly recommend the services of Convey Law and would like to recommend our Conveyancing team for "Team of the Month" for their professionalism, hard work and patience over this very trying part of the proceedings.

Thank you once again for everything. Very Kind Regards."

Why Use Convey Law?

A Great Service - Guaranteed

We are a national conveyancing company with a difference. We work with clients from all over England and Wales and provide a consistent, personal and friendly service, every time. We guarantee that we will provide you and your clients with an excellent, bespoke conveyancing service.

Enhancing Your Reputation

Recommending a legal service can have a huge impact on your reputation. We have developed a successful team of Conveyancers, who provide a personal, professional and proactive service, meaning that the affect of your recommendation is always a positive one.

Reducing Transaction Timelines

Choosing a proactive service is important. Processing your transactions quickly reduces the risk of the transactions failing to complete. Email and telephone communication are critical components in ensuring that our Conveyancers consistently record transaction timelines that are faster than the national average

Communication Is Key

Good communication is imperative. We manage our environment to ensure that there is always someone available at the end of the phone, or that we are able to return messages within a reasonable period of time. We understand how frustrating poor communication can be. We keep our clients informed at every stage of their transaction and ensure that they are well supported through what can be a stressful experience.

Increasing Your Revenue

Our objective is to provide a great conveyancing service. We are also able to offer our clients extremely competitive legal fees, which represent outstanding value for money. We invite our Introducers of business to place commission on top of our legal fees, at a level that they feel is acceptable. Referral commission is therefore flexible, on a case by case basis, and still represents excellent value for the client.

A Personal, Professional Service

Our Introducers of business work with one dedicated Conveyancer, who will conduct all of their transactions. Building a great Introducer and Conveyancer relationship has a direct impact on the client's moving experience, ensuring the highest level of service, every time.

Use Of Technology

We use the most up to date technology to enhance our effectiveness as Conveyancers and to communicate effectively with all parties to a transaction. Our online case tracking and instruction system will keep you, and our mutual clients, updated throughout the conveyancing process, 24 hours a day 7 days a week. Please see our case tracking demonstration for more information: **www.conveylawintroducer.com**

"What a fantastic service I had from everyone at Convey Law. I couldn't have asked for more help and understanding, especially when the other sides solicitor lost all the paperwork. You were all great. Convey sorted everything out and put the transaction back on track and we still moved in on time. I'd recommend anyone who was thinking of moving to use your company."

Miss Stevens

"CBSlade and Convey Law are a great team that hold a true motivation to surpass our client's expectations."
